

Breakfast meeting

Pharmaceuticals & Medical Devices combined

– tackling two of the most intensely regulated pathways on one go.

Date: Tuesday 4 May 2021, 09.00–09.55

Place: Digital meeting

Registration:

Please register [here](#), at the latest 2 May 2021.

A meeting link will be sent out to the participants before the meeting.

Lif and Swedish Medtech continue the series of virtual breakfast discussions on hot e-health topics. Combination products are a fast developing market but a tricky one. Yet this market is really picking up speed. New technologies enable patient care in ever improving levels. But how do you tackle two of the most intensely regulated pathways on one go? Join us and learn more about the possibilities and the pitfalls!

Agenda:

09:00 Introduction

Malin Hollmark, Swedish Medtech and Magnus Lejelöv, Lif

09:05 Learn more about the possibilities and the pitfalls

Satu Päiväläinen, Specialist, Clinical affairs and IVD, Innokas Medical Ltd

09:30 Our experiences

Ellen Persson, Teva

09:45 Q&A

09:55 End of meeting
